The Einhell TC-TS 1200 bench-type circular saw delivers 900 W of power for precision work on wood in building and hobby projects. The powder-coated work table measuring 525 x 400 mm is equipped with an easy-to-read scale. A parallel stop and angle stop ensure clean cuts. The height of the saw blade with carbide-coated teeth is infinitely adjustable. For clean miter cuts the angle of the cut can be infinitely adjusted from 45 degrees to 90 degrees. For working in safety there is a push stick, and the motor has an integrated overload switch for extra protection. The plastic feet on the metal housing ensure non-slip free-standing stability.
